

YOUR PASSPORT TO GLOBAL FLAVOURS, FRIENDSHIPS AND SUCCESS

I am often asked why Your Inspiration at Home products have created such a buzz in the gourmet specialty food and direct sales markets.

It's a great question. YIAH really is about the synergy of everything that goes into it. It's much like cooking. Eggs, flour, sugar, salt and seasonings are not exciting on their own. But when you combine them with passion, love, care and a recipe for success, the result is inspiring!

Just one "taste" of YIAH -- whether our unique products, the passionate Consultant who shares YIAH with you or the caring YIAH Home Office Team -- and you know that YIAH is much more than a company. It's an experience! We call it the YIAH Global Gourmet Experience.

This year, as our Your Inspiration at Home family continues to grow globally, we thank you for your continued support. Last year was a blur of new products, new teams, new Consultants, new programs and new facilities in the USA. It was amazingly inspirational!

Our new catalogue brings together our original products and adds exciting and exotic new taste sensations sure to be on your favourites list! Enjoy our classics, try new recipes and meet some of our amazing Consultants and Leaders.

We are especially excited to now be part of the growing CVSL Inc. family of global micro-enterprise companies. This has given us the ability to continue to grow and bring the YIAH Global Gourmet Experience to dinner tables across the world!

INTRODUCING:

Ann Pieschke Silver Team Leader Saginaw, Michigan

When I joined Your Inspiration At Home, I was drawn to the opportunity to start out on the US ground floor, knowing I could create my own work schedule around the people and things I value most in my life. What I didn't expect was how fun it would be ... the tasting parties, the products that are even more delicious than I imagined, the fabulous team I am blessed to work alongside-even the trip to Australia for our convention!

Wifi enables me to work from practically anywhere (even the beach!), and it is rewarding to establish new friendships and to sponsor consultants in other countries. The extra income we're enjoying is the icing on the cake!

INTRODUCING:

Jodie Moore Silver Team Leader Nunawading, Victoria

I was thrilled when I discovered YIAH was a supporter of KIVA, an organisation I was already passionate about. I have often heard the saying 'Give a man a fish and you feed him for a day; teach him to fish and you feed him for life'. I believe this is the philosophy of KIVA and so it was a simple step for me to become involved by making regular loans to entrepreneurs in developing countries to help them build a life beyond poverty, a difference that often positively affects the wider community in which they live.

With the business I am building with YIAH, I am also able to have a similar effect on those in my team as I encourage them to build their own businesses and 'feed themselves for life.'

INTRODUCING:

Kelli Saunderson Executive Platinum Director Pomona, Queensland

Being a flavour guide with Your Inspiration at Home has had so many more benefits than I ever thought possible. I looked at YIAH as a way to just have some "me time" with grown up conversation. 3 years later, I have friends all over the world from the FREE travel with the company and building an international business that I can manage while still being a hands on Mum to my 3 amazing kids who are making those same global connections and friendships with consultants in my team and their kids - something that I never thought they would get to experience for years to come. I am continuously pinching myself because sometimes it all just seems too good to be true, I feel so lucky to call YIAH my "job" as it really is so much more than that!

INTRODUCING:

Gina Moore Platinum Director Gympie, Queensland

Being part of Your Inspiration At Home has been an amazing, whirlwind journey to say the least! From the first moment I saw this perfect opportunity to be able to be a stay at home Mum with my 3 young children, while doing something I loved revolving around food and cooking, I knew YIAH was going to tick all the boxes for me!

Who knew that only a short time after I joined I was to become the company's 4th Director and be travelling to places I had always only dreamed of going? Who knew that I was going to be able to impact others in a positive and inspiring way and help them realise their goals and dreams and then help them achieve those goals through this company's very attractive compensation plan? Not many jobs or businesses allow you to put your family's needs first while still making a very healthy full-time equivalent income (or more)!

All thanks to this incredible company and it's founder, Colleen Walters, who continues to inspire me to want to achieve, have, do more daily and to be the greatest I can be every day!

INTRODUCING:

Malissa Roberts **Infinity Director** Willetton, West Australia

A whole new lifestyle and opportunity opened its doors to me the day I was introduced to Your Inspiration at Home. Financial freedom, International Travel, Personal Growth, Support, Friendship and Fun are just a few of the many things I have experienced in my time as a YIAH consultant. The flexibility of being able to contribute to the family budget and at the same time still being able to care for my five children has allowed me to learn more about myself then I ever believed possible.

I find the products we offer simply divine and using them in my every day cooking - that's the easiest part! The hardest decision for me now when planning my meals - is what country will we visit tonight?

Previously I thought dreams only came true in the movies - now I know that not to be the case - with YIAH I am turning my dreams into reality and creating, achieving and enjoying the things I never thought I would.

INTRODUCING:

Kate Morris Bronze Team Leader Wyong, New South Wales

I became a Consultant with Your Inspiration At Home as I wanted everything in the catalogue. I love seeing people's faces when they taste our products for the first time, and I always leave a Tasting with at least one new idea or recipe.

Thinking I would earn enough income to pay for the products in my pantry turned very quickly into a rewarding way of life, sharing our products, which I am so passionate about, with as many people as possible.

Life with YIAH just keeps getting better - I am proud to be a Leader and look forward to growing an international business!

INTRODUCING:

Char Carter Bronze Team Leader Medowie, New South Wales

When I began my journey with the YIAH family I had been an award winning business woman who travelled the country with her husband's career. The initial twelve months following our most recent move were highly challenging; I lost my direction, confidence and self-belief. I had no idea how to pull myself through until I stumbled across a YIAH business page.

I decided these products would be cool to use in my baking so I joined and quickly discovered that there were others who enjoyed my product and wanted to join me; thus began my journey with YIAH.

Fast forward 12 months ... I adore my lifestyle; YIAH is providing me with a dream from long ago - to become a Work at Home parent and even though my children are older and working now, I still have the desire to create my own income and my own lifestyle. I am excited to see the sheer pleasure on people's faces when they taste our product for the first time. I am honoured to hear that I inspire others to strive for what they want. I am passionate about our product and can truly state that - thanks to YIAH - I have regained direction, confidence and self-belief.
